NEW HOMOGENISERS

Whilst we work in partnership with many OEMs; We are also the exclusive UK distributor for BOS Homogenisers which are manufactured in the Netherlands as well as an authorised service centre for FBF Homogenisers

BOS
homogenisers

BOS are a company formed over 30 years ago by ex APV engineers and are manufacturers of a very robust machine with many similarities to the older style Gaulin technology. With capacities ranging from 40 l/hour – 44,000 l/hour and pressures up to 800 Bar.

FBF Homogenisers are a reliable and energy efficient machine with capacities ranging from 60 l/hour – 66,000 l/hour with pressures up to 2,000 Bar. The company based in Palma Italy specialise in Homogenisation of all types of products including; Milk, Yoghurt, Juice, Food Stuffs, Grease, Emulsions and Oils. With a competitive price and complete after sales support; FBF are a very popular choice for many processors worldwide.

As an alternative to the above, we can also offer new machines from other manufacturers including SPX, GEA Niro Soavi, HST, Tetra Pak, HPM, HST, Hommak and Bertoli.

USED HOMOGENISERS

We are specialists on the refurbishment of Homogenisers. We hold a large stock of used Homogenisers including; APV Gaulin, Manton Gaulin, Alfa Laval, Tetra Alex, Bertoli, Crepaco, Mark, HPM, HST, Niro Soavi, FBF Italia and BOS.
