HYGIENIC PUMP SALES

AS AN INDEPENDENT SUPPLIER OF HYGIENIC PUMPS WE CAN OFFER YOU THE WIDEST CHOICE TO SUIT ALL APPLICATIONS & BUDGETS

Scavenge Pumps (Liquid Ring)

Typically used in CIP applications, we offer a range of high quality self-priming pumps for scavenge of CIP solutions.

Screw Pumps (Progressive Cavity)

For handling solids suspended in liquid, the screw pump is a perfect solution for pumping Waste Water, Chemical, Food, Beverage, Paper, Mining, Mineral Processing, Marine, Agricultural, Oil and Gas sectors.

Air Diaphragm Pumps

We offer a wide range of hygienic and non-hygienic air diaphragm pumps to suit almost all liquid applications. Driven by an air supply these pumps are ideal in an Atex environment or where electrical supply is limited.

SOMA Sinus Sodial Pumps

Alliance Fluid Handling are UK agents from SOMA Sinus Sodial Pumps. SOMA GMBH pumps are manufactured by the original inventors of MASOSINE[®] which is now owned by Watson-Marlow. The Sinecurve pump is ideal for pumping high viscosity products and those that contain solids as they have the ability to handle the product gently, unlike any other pump on the market. Typical applications would be Fruit Pieces, Juice Concentrate, Clotted Cream, Effluent, Cheese, Yoghurt, Bakery and Confectionery.

NEW & USED PUMPS

Alliance Fluid Handling have a wealth of knowledge and experience in supplying all types of process pumps for the liquid processing industries.

We offer a range of pumps to suit your application, and as an independent supplier of process pumps, we can offer you a wide choice subject to your budget, specifications and build quality.

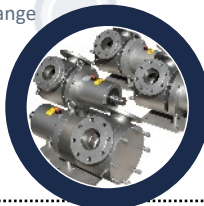

Centrifugal Pumps

Pumps for a wide range of hygienic low viscosity processing applications such as; Milk, Water, Juice, Beer and much more.

For non-hygienic applications we recommend Ebara and Lowara pumps that are typically of a 304 stainless steel design and are ideal for process water and micro-breweries.

Rotary Lobe Pumps (Positive Displacement)

We recommend Omac Rotary Lobe Pumps as a very competitive pump and high quality. We also offer APV Pumps such as the DW series from SPX. For the lower budget range we offer a wide range of brands.
