FLOWTREND

FREE TRIAL

FREE TRIAL KITS AVAILABLE

Flowtrend are leading manufacturers of FDA approved Pump and Valve service kits that are interchangeable with many of the industry's most common OEM equipment including; SPX/APV, Alfa Laval, Waukesha, GEA, Fristam and many others. The parts are manufactured in the U.S using their own designs and moulds that are unique to the Flowtrend brand, as such the parts are not "copy parts" and are manufactured to strict quality guidelines. In all cases the Flowtrend parts are manufactured to the exact specification of the OEM part, furthermore some parts are manufactured to a higher specification.

Alliance Fluid Handling are the exclusive distributor of Flowtrend parts for the UK and Ireland, as such we hold a large stock at our service centre in Doncaster. Should we not have the parts in stock they are also available on a next day delivery from the Flowtrend European headquarters holding over 10,000 stock lines.

Benefits of Flowtrend

- Up to 30 – 40% savings compared to the OEM
- Next day delivery from Doncaster or Europe
- Over 10,000 lines in stock
- FDA Approved
- Manufactured to OEM specifications
- Free trial of Pump and Valve kits
